

DevCodeCamp respects the privacy of every individual who visits its web site(s). This policy outlines the information that the DevCodeCamp web site may collect and how that information may be used, as well as the terms and conditions of use of this site.

1. COLLECTION AND SHARING OF SUPPLIED PERSONAL USER INFORMATION AND DATA

The DevCodeCamp web site(s) will not collect personally identifiable information (personal data) about visitors, such as name, address, telephone number, or email address unless the information was provided voluntarily. Visitors should not voluntarily provide personal data if they do not want it to be collected. When collected, personal data may be used in the following ways:

1. To fulfill a request
2. To better understand the needs of visitors, thereby allowing DevCodeCamp to improve services
3. To reply to or contact and supply supplementary information to users

DevCodeCamp will not sell, rent, or market personal data to third parties. In some cases, information that is not personally identifiable may be automatically collected and/or logged. For example, information about the visitor's browser, operating system, IP address, and the domain name of sites that are linked to the DevCodeCamp web site(s) allows the college to accommodate the needs of the majority of visitors. It also assists with troubleshooting and diagnosing problems with browsers and servers, and the information helps produce important statistics on how often pages are visited. Finally, this information can be used in the detection of security breaches and the safeguarding of DevCodeCamp's computing resources and other proprietary information.

2. USE LICENSE

4. Permission is granted to temporarily download one copy of the materials (including but not limited to information, images, logos, software, and audio or video content) on DevCodeCamp's web site(s) for personal, non-commercial transitory viewing only. This is the grant of a license, not a transfer of title, and under this license you may not:
 - a. modify or copy the materials;
 - b. use the materials for any commercial purpose, or for any public display (commercial or noncommercial);
 - c. attempt to decompile or reverse engineer any software contained on DevCodeCamp's web site(s);
 - d. remove any copyright or other proprietary notations from the materials; or
 - e. transfer the materials to another person or "mirror" the materials on any other server.
5. This license shall automatically terminate—and DevCodeCamp reserves the right to pursue legal action—if you violate any of these restrictions - and the license may be terminated by DevCodeCamp at any time. Upon the completion of your viewing session of these materials or upon the termination of this license, you must destroy any downloaded materials in your possession whether in electronic or printed format.

3. DISCLAIMER

6. The materials on DevCodeCamp's web site(s) are provided "as is". DevCodeCamp makes no warranties, expressed or implied, and hereby disclaims and negates all other warranties, including without limitation, implied warranties or conditions of merchantability, fitness for a particular purpose, or non-infringement of intellectual property or other violation of rights. Further, DevCodeCamp does not warrant or make any representations concerning the accuracy, likely results, or reliability of the use of the materials on its Internet web site or otherwise relating to such materials or on any sites linked to this site.

4. LIMITATIONS

In no event shall DevCodeCamp or its suppliers be liable for any damages (including, without limitation, damages for loss of data or profit, or due to business interruption,) arising out of the use or inability to use the materials on DevCodeCamp's Internet site, even if DevCodeCamp or a DevCodeCamp authorized representative has been notified orally or in writing of the possibility of such damage. Because some jurisdictions do not allow limitations on implied warranties, or limitations of liability for consequential or incidental damages, these limitations may not apply to you.

5. REVISIONS AND ERRATA

The materials appearing on DevCodeCamp's web site(s) could include technical, typographical, or photographic errors. DevCodeCamp does not warrant that any of the materials on its web site(s) are accurate, complete, or current. DevCodeCamp may make changes to the materials contained on its web site(s) at any time without notice. DevCodeCamp does not, however, make any commitment to update the materials.
